

TOWN OF NATICK DPW ENGINEERING DIVISION

JEREMY MARSETTE
DIRECTOR

MARK S. COVIELLO, P.E.
TOWN ENGINEER

DPW Utility Mark Out Policy

1. The Town of Natick is not a member of Dig Safe. All utility mark out requests must be called in directly to the DPW - Engineering Division (1-508-647-6551)
2. Utility mark out requests must be submitted 72 hours (business days only) prior to start of excavation work. Calls on Friday for excavation work starting on Monday will not be accepted.
3. If excavation work begins prior to the town utilities being marked out, a contractor may be liable for charges incurred by the Town to fix any damaged utilities. Also, any permit associated with this work issued by the DPW may be rendered void.
4. If Town utilities have not been marked out and it has been 72 hrs following the time that the mark out has been called in, contact the Engineering Division immediately (1-508-647-6551).
